

JAPANESE WARSHIPS BLOCKADE TSING TAU FORTS ARE SHELLED

Unity Party polled 20,000 votes, and 11 seats.

IMPOSING PARADE WILL BE A FEATURE OF THE LABOR DAY CELEBRATION

Central Labor Council at a special meeting held Wednesday night requested in the wishes of the building trades council, to have all of its affiliated crafts march as one body in the Labor Day parade.

The change naturally upset all previous arrangements and a new drawing for position in the parade was made. Mervin D. Cummings, the popular president of Central Labor Council, was chosen grand marshal for the parade, the lineup of which is to be as follows:

No. 1, Grand Marshal, No. 2, River City band, No. 3, Officers of Central Labor Council, No. 4, Wrestler Charles Kiebler in auto, No. 5, Wrestler Jack Clayton in auto, No. 6, Ballroom in auto, No. 7, Machinists Union, No. 8, Meat Cutters, No. 9, Printers, No. 10, Machinist Helpers, No. 11, Railway Carmen, No. 12, Brewery Workers, No. 13, Engineers, No. 14, Portsmouth band, No. 15, Blacksmiths, No. 16, Bakers, No. 17, Barbers, No. 18, Hotel Clerks, No. 19, Tinner Makers, No. 20, Iron Molders, No. 21, Street Carmen, No. 22, Pipe Fitters, No. 23, Glove Workers, No. 24, Steel Plant band, No. 25, Building Trades Council executive board, No. 26, Building

Trades float, No. 27, Building Trades Council composed of the following crafts: No. 28, Bricklayers, No. 29, Carpenters, No. 30, Plumbers, No. 31, Electrical Workers, No. 32, Lathers, No. 33, Plasterers, No. 34, Sheet Metal Workers, No. 35, Painters.

The official program for the holiday is announced as follows: No. 1, Parade of local unions at 8:30 a. m., sharp; No. 2, Tug of war at 1:30 p. m.; No. 3, Climbing of greased pole at 2 p. m.; No. 4, Skating and dancing from 2 p. m. on; No. 5, Free concert from 2:30 p. m. on; No. 6, Ball game at 2:45 p. m. instead of 3 p. m.; No. 7, Ride in merry-go-round, old time; No. 8, Musical entertainment at 2:30 p. m.; No. 9, All kinds of races for young and old; No. 10, Wrestling match between Charles Kiebler and Jack Clayton at 4:30 p. m.; No. 11, Greased pig race at 5 p. m.; No. 12, Ballroom ascension at 5:30 p. m.; No. 13, Old fiddlers' contest at 6 p. m.; No. 14, Labor address by Thomas Flynn at 6:40 p. m.; No. 15, Sailing and dancing at 7:30 p. m.; No. 16, Musical entertainment at 7:30 p. m.; No. 17, Grand fire works at 9 p. m. All indications point to the celebration being one of the largest and best ever held in Portsmouth.

Will Make Success Of "Boosters" Day

Systematic methods will be employed by the leading business and professional men of Portsmouth to insure the success of the "Boosters" Day program on September 5th and 6th for the purpose of raising sufficient funds to meet the deficit in the treasury of the Portsmouth baseball club this year.

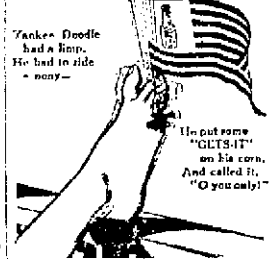

Committees will be named to cover certain districts and enough committees will be appointed to avoid too much work falling on a few. From three to five men will be appointed on each committee, and it is expected that it will require but a short time for them to cover their prescribed district. Everywhere the business men of the city are expressing hearty sympathy with the plan.

In other circles, separate committees will be selected. Two doctors will be drafted to collect subscriptions from the doctors, two lawyers to perform a similar duty among the lawyers, and the like. Assurance has already been received that the manufacturers of Portsmouth will be in accord with the boosting program, and will purchase liberally of the tickets. The success of the two days' boosting is practically assured at this time.

"Gets-It" for Corns Sure as Sunrise

New Plan, Corns Shrivels, Vanish

Until "GETS-IT" was born nobody was ever sure of getting rid of a corn. Corn treatments nearly all contained the same ingredients, and only some were rapid, some plasters.

some "wrappers" and some in salve form. Now comes "GETS-IT" with a newly discovered formula—the corn cure on a new principle and a simple plan that never fails. This is why "GETS-IT" has grown in three years to be the biggest-selling corn cure the world has ever known.

There's no more need of fussing with corns no more chafing or cutting. There's nothing to press down on the corn, nothing to inflame the flesh, to "pull" the corn, or to cut it. Put two drops of "GETS-IT" on in two seconds. That's all. For any corn, callus, wart or bunion. "GETS-IT" is sold by druggists everywhere, free a bottle, or sent direct by E. Lawrence & Co., Chicago.

TERMINALS

N. & W. passenger train No. 4, due here at 11:15, did not get in until five o'clock Thursday morning. The train was held up by a wreck. An empty box car broke in two in a tangle near Indian Creek, near Chillicothe, Wednesday night, at ten o'clock and blocked both the east and west-bound main tracks. The N. & W. wreck train at Chillicothe and the N. & W. wreck train from this city were called to the scene. The train was in charge of Conductor J. Zimmer and Engineer E. A. McVey. No. 4 was just back of extra 100.

Mrs. Allen H. Rosenberg, whose husband died early Thursday morning, buried away four times Thursday, left for the funeral services. She arrived just in time to make the noon train to London, where burial was made.

Dr. George W. Grimes will have charge of the Thursday evening prayer meeting at the Tabernacle. The service is in French, where he accompanied the remains of the late A. H. Rosenberg, N. & W. train.

Edward Petty, chief clerk to G. W. Keller, general foreman, was off duty Thursday on account of a slight illness.

S. Monroe & Sons began the work of pouring concrete Thursday morning on the Gallia pike. The concrete is being poured as a foundation for the new car tracks. This laying of the rails has reached as far as Damaria hill.

J. M. Shank, of Roanoke, was in the city on business with the N. & W. Thursday.

J. J. Burns, representative of the Street Locomotive Stoker, who has been in this city the past month, has been sent to Richmond, Va., on business. The street stokers have been installed on all of the new Mallet engines.

James Weeks, clerk at Jackson & Veeber's grocery, is carrying several black and blue marks, the result of being kicked by one of the delivery horses several days ago.

John Slater, aged about 65 years, of Nantuxet, is the latest victim to meet death under the wheels of an N. & W. train. He stepped in front of extra freight 1915 while it was backing at Nantuxet Wednesday afternoon. The remains were turned over to the county authorities at Williamson. Engineer W. E. Morris was in charge of the train.

Robert McDowell, complained to Mayor Davis Wednesday that thieves are making daily raids on his cornfield, near the Bremer plant, in the west end of the village. Any one caught taking the corn will be given a stiff fine if brought before the mayor.

Ring salesmen for a local furniture company were stopped in their work for a few minutes Thursday morning by Mayor Davis who would not let the men proceed with their work without a license. The men called their employer and he agreed to take out a license.

Mrs. and Mrs. Rufus Hopper and daughter Ethel Theobald of East Rhodes avenue have returned home from a week's visit with relatives and friends in Columbus, Md. Middleport, O. Mrs. Hopper left early Thursday morning for a visit in the country.

Contractor J. C. Harris and a force of workers resumed work on O. C. China's new grocery building Thursday morning. The work will be rushed to O. C. Baker is a fine speaker and never fails to make his points clear.

The Daughters of America will hold their regular meeting Friday evening. The candidates that were to be initiated at last week's meeting will be given their degrees at this meeting. Mrs. John Johnson, councillor, was out of the village last week, and the regular meeting could not be held.

J. C. Harris, superintendent of the Christian Sunday School conducted the funeral services at the burial of Charles Edward Smith, two months old son of Mr. and Mrs. Lewis Smith. Burial was made in School Land Hollow. Misses Mabel and Nanette Hall of West Stanton avenue, are spending the week with relatives in Edgington, Ky.

Mrs. Nell Petty of West Stanton avenue, is the guest of her sister, Mrs. L. Curley of the city.

The Ladies' Aid society of the Baptist church, held an all day's meeting in the basement of the church Thursday.

Fred Bishop, millwright, had his right foot badly mashed Thursday morning about seven o'clock when his foot got caught between two of the large steel rolls. He was carried to the emergency hospital where he was given first aid. The injured man was later moved to the home of his brother George Bishop on West Stanton avenue. An X-ray examination will be made of the foot in order to see just how many bones are broken. He will be off from work for a number of weeks.

Rudy Kountz and L. G. Welch, manager of the Kountz picture show, will go to Cincinnati Sunday with the intention of booking feature films for the winter season. The theatre will be thrown open Saturday, September 5. Five of the latest design basket lights were installed Wednesday. The seats will be all in by next Tuesday. Feature war pictures will be a specialty at the theatre.

Fred Bolander, whose one story frame building was destroyed by the big fire in the village two months ago, has let the contract for a one story brick building to contain two large store rooms, 12x50 feet. The building will have a frontage of 38 feet and will be 64 feet long. Three 14 foot living rooms will be across the rear of the two store rooms. Walter M. Loeber is the contractor for the brickwork.

The village officers have failed to find any trace of the show man who disappeared with three dollars belonging to a foreigner with whom he slept Tuesday evening. The show man was dismissed from the Leon shows Tuesday.

Joe Fitch, night deputy marshal, is off duty on account of blood poisoning in one of his hands. Fitch scratched his hand with a pin several days ago and ever since it has been giving him trouble.

Mr. H. S. Grimes, who has been at the Mt. Carmel hospital in Columbus the past ten days, is undergoing a series of examinations by Dr. J. J. Conna, a Columbus specialist, came home Wednesday evening. The examinations were very satisfactory and with the course of treatment best features that have ever been seen in this city, and Manager Lee physicians that there will soon give his personal guarantee that "Grimes" health. This will be good news to his many friends.

Sugar Drops A Little. Local jobbers report that there is still irregularity in the price of sugar, it having taken a drop of 25 cents per hundred pounds. The price of meats is still crawling.

CHILDREN...5c**Prof. Ritchie Is The New Superintendent**

With the appointment Wednesday of Prof. M. L. Ritchie of Highland, Ohio, as superintendent of District Number Three of Scioto county's school system, the roster of superintendents and executive officers of the county's new rural school system is complete. District No. 3 embraces the townships of Washington, Rush, and Nile, and the village of Buxton Vista, all located in the south-western part of the county.

Prof. Ritchie was chosen by the presidents of the township boards of the district upon the recommendation of County Superintendent L. O. McCowan, for one year at a salary of \$1,500. He is a graduate of Miami University, and has varied experience in rural, grade, and high school work. He comes highly recommended to the local school authorities, and much is expected of him in his district.

All four districts into which the county has been divided are now provided with superintendents, who have been chosen from

time to time within the past month. District No. 1, which includes Green, Vernon, Porter, and Clay townships, and the village of Haverhill, will be in charge of Prof. Charles Fullerton, of Madison township; District No. 2, consisting of Bloom, Harrison, Madison, and Jefferson townships, and South Webster and Harrisonville, has Prof. Paul E. Cramer at its head, while District No. 4, over which Prof. R. K. Day of Rarden exercises control is composed of Rarden, Union, Morgan, and Brush Creek townships, and the villages of Rarden and Otway.

Supervising the work in all of the districts will be County Superintendent L. O. McCowan, of Wheelersburg, an educator of long established ability, and of whom great things are expected. While all of the superintendents have taken charge, the actual operation of the new school law will not be in effect until the opening of the various school terms during the early part of September.

Hoerth Creditors To Meet Sept. 8

Announcement was made on Thursday morning by Attorney Mark W. Crawford, referee in bankruptcy, that the first meeting of the creditors of Joseph Hoerth, a baker of this city, who filed a voluntary petition in bankruptcy in the United States District Court at Cincinnati Tuesday, would be held at his office in the First National Bank building on September 8th, 1914, at 1 o'clock p. m.

The Portsmouth Banking Com-

pany, of this city, is the only secured creditor, holding a mortgage on the real estate to secure a claim for \$3,150. The unsecured indebtedness amounts to \$2,628.51, and among the largest creditors are Martin Newman & Brother, of this city, \$300; Geo. Suter & Bro., this city, \$277.85; Washburn-Frosby Company, Minneapolis, Minn., \$228.25, and the Triumph Manufacturing Company of Cincinnati, \$148.

Mother's Friend Before Baby Arrives

During several weeks of expectancy there is a special external circulation to the "Mother's Friend" in which thousands of women have the most abundant confidence. They have used it for years. They feel it is the most perfect preparation to take the abdominal muscles and have they avoided those dreaded stretching pains that are so much talked of. This safe and effective preparation is used over the skin to render it amenable to the natural stretching which it undergoes. The method of use is simple. Just beneath the skin is the source of unnecessary pain-producing acids and great physical relief is the result as evidenced by a host of happy mothers who write from personal experience.

It is a subject that all women should be familiar with as "Mother's Friend" is even in use many years. You have seen the most severe test under most trying conditions and is recommended to women who have had previous experience upon this special aid to women. "Mother's Friend" is desired by a wide circle of women to be just what expectant mothers need.

Cook Sues For \$1,000 Damages

Alex Chueles, proprietor of the Manhattan restaurant of Galia street, is made defendant in a \$1,000 damage suit, filed Wednesday in common pleas court by Attorneys Sheppard and Dever, in behalf of John Sealzo, until recently employed as chef by Chueles. Sealzo claims that he has been damaged to that extent in being discharged from Chueles' employ.

In his petition, Sealzo recites that on July 1, 1914, he entered into a verbal agreement to come to work at the Manhattan restaurant as chef, leaving a good position at the New Gibson House, Cincinnati, to accept this place. He further claims that he has discharged every part of his share of the agreement, and is now ready to go ahead on the same terms, but that without any cause whatever, he was discharged on August 19, last. His damages, including cost of moving his household effects from Cincinnati to Portsmouth, loss of time, and salary, and worry, aggregate \$1,000, according to his claim, which is the amount for which he asks judgment.

Cincinnati Fined For Pocket-Picking

Mayor Frick disposed of a case in police court late Wednesday afternoon when he fined Fred Traflet, late of Cincinnati, \$10, and costs on a charge of pocket-picking, preferred by John Magroon, who came to this city about a week ago from Jackson. The court gave a chain of circumstantial evidence about Traflet, which centered on his responsibility of the disappearance of \$10 from Magroon's pockets.

Magroon has been doing some work for Fred Garthe, Chillicothe street substation, and last Monday Garthe paid him \$10 on account. Magroon putting the bill in his watch pocket, and left the place in company with Traflet. A short time later the bill was missing, and suspicion was directed to Traflet. He steadfastly maintained his innocence, but the mayor held that the weight of the evidence was against him. In addition to his fine, the mayor ordered Traflet to replace the amount stolen, and he was compelled to put up his gold watch to make up the full amount.

Steadfast Confidence

The Following Statement Should Form Conclusive Proof of Merit to Every Portsmouth Reader

Could stronger proof of the merit of any product be desired than the statements of grateful customers who say their confidence has been unshaken by lapse of time? These are the kind of statements that are appearing in your local papers for Don's Kidney Pills. They are twice-told and confirmed with new enthusiasm. Can any reader doubt the following? It's from a resident of Lucasville.

Mrs. Newton Martin, Front street, Lucasville, Ohio, says: "I had been troubled for some time by disordered kidneys and I suffered almost constantly from a dull, throbbing pain across the small of my back and in my sides. I had only taken Don's Kidney Pills a short time before the pains and aches disappeared and my kidneys began to do their work right. I still take a few doses of Don's Kidney Pills occasionally, but it is more as a preventative than anything else, as I have really had no serious return of kidney complaint. I have recommended Don's Kidney Pills before and I am always glad to do so."

Suit On A Note

Suit to recover judgment for \$250 due with interest on a promissory note and to foreclose mortgage on real estate given to finance payment was filed in the common pleas court Wednesday by George Winter against David Hunter and Charles H. Hunter. The original note was for \$250, dated April 26, 1907, and was made payable to Frederick Winter. A few endorsements for interest amounts appear on the back of the note.

The plaintiff holds a mortgage on 10 acres in Clay township and 20 acres in Jefferson township, which he seeks to foreclose. J. H. Chandler, Ed W. Cunningham and Albert Rudely are made defendants in the action for the reason that they claim an interest in the premises.

THE STORY UNTOLD

WHEN a man makes a fortune by some lucky stroke, the world rings with his achievement, but did it ever strike you that there are hundreds of millionaires in this country, the story of whose acquirement of wealth has never been told?

There are, yes, a thousand of them to one of those who acquire vast wealth quickly. And the reason why their story is not told is that it is so common place, there was nothing of luck in it, just the working out of plain business rules.

These thousands worked and they saved. As they saved the opportunities that come to all were taken advantage of by them, because saving had given them the means.

There are tens of thousand who can save today and in time acquire a competency, if they would. Are you going to be one of these? If you are we would be glad to help you. We'll keep your savings secure and we'll help them grow by paying you interest thereon.

WENT OF HER OWN ACCORD

Editor The Times—

In the paper of Wednesday evening there was an item concerning myself which I want corrected. I have paid for a license to tell fortunes all right, but the mistake is, I was never called in for trial of anything else by Mayor Frick. The mayor published a notice in The Daily Times that all parties telling fortunes should call and get a license, and the day after I called at the office for the license and he told me I was the first to make the application. Now there are several in the city in the same business and I do not wish any one to be under the impression that Mayor Frick had ever ordered me into court for telling fortunes without a license. Please to correct the mistake and oblige.

The Brodt Shoe company's plant on Front street shut down indefinitely Thursday morning, having finished up its season's work.

The plant is now in the hands of C. M. Weyand, former assistant manager, as receiver and its future is as yet a matter of doubt. The closing of the plant, which had a reputation of 600 pairs of shoes daily, and which manufactured misses' and children's shoes, has thrown 125 persons out of employment. The plant is splendidly equipped, having been modernized a little over a year.

GERMAN LEGIONS ARE SWEEPING ONWARD LOSSES TREMENDOUS

Berlin via Copenhagen and London, Aug. 27.—Complete victory of the German troops attacking the allies in Belgium was announced in an official statement issued today. It said the losses on both sides were tremendous. Through this announcement the public learned for the first time that British troops had joined the French on the main battle line. Heretofore there has been no mention of the allies.

Empress Augusta Victoria has gone to Marburg to inspect the military hospitals there. A dispatch from Frankfurt says wounded soldiers there praised the valor of Prince Frederick of Hesse and relate that in a recent battle he carried a regimental banner after the standard bearer had been wounded. The prince is another-in-law of the Kaiser. Details of the battle at Namur are published by the Tageblatt today. It says that the French were bombarded with howitzers and mortars and that the German gunners showed marvelous precision in their ability and demonstrated their superiority over the forts' defenders. The Tageblatt's correspondent says that desolation has been spread from Liege to Namur. In the village of Hayre only 19 out of 500 houses were left standing. The inhabitants have fled in droves before the German advance. He asserts that the French had promised to help the Belgians at both Liege and Namur but delayed their arrival and their co-operation was prevented by the rapid movements of the Germans.

London Shocked As Lille Falls

(By Herbert Temple) London, Aug. 27.—Reports that the left wing of the allied army has been forced back and that the Germans have captured the fort of Lille, 120 miles north-east of Paris, gave England the greatest shock today that it has sustained since the war with Germany began. The fall of Lille was not officially announced here but dispatches from Ostend said that the Germans secured possession of the city on Tuesday without firing a shot. According to reports from the same source, the French defenders withdrew upon the approach of the Germans to save the city from bombardment and destruction under the heavy German guns. The city is a strategic point and its capture by the Germans would open the way to the English channels, thus preventing British reinforcement with the French army.

Longwy Taken By Germans

New York, Aug. 27.—A wireless dispatch received from Berlin today says: "All the forts at Namur have fallen. Longwy has been captured after a desperate defense. French forces which attacked the German Crown Prince's army have been repulsed. Upper Alsace is free of the enemy except a few points to the westward of Colmar." Longwy or the Iron Gate of science, as it has been called, is a city of 10,000 people, having a fortress of the second class in the French department of Meurthe-et-Moselle not far from the Belgian border. It lies 40 miles northwest of Metz. During its history it has been the scene of considerable fighting. It has belonged to France since 1678. It was taken by the Prussians in 1793 and in 1815, and by the Germans in 1871. It is in a mountainous district.

"CAPTURE PARIS" IS THE SLOGAN OF GERMANS

The Hague, Aug. 27.—The military correspondent of the Nieuwe Courant declares he is able to state on trustworthy authority that the German plan to abandon temporarily east and west Prussia and Pomerania to the Russians and withdraw slowly to the River Oder, where the main defenses of Berlin lie. Germany, according to the correspondent, appears to have undertaken this measure to give time to her army operating against France, to try and deal the British and French armies their death blow, and then to march on to Paris. The distance between Mons and Paris being four times less than the distance between St. Petersburg and Berlin.

ITALY MAY BE FORCED INTO EUROPEAN WAR

Rome, Italy, Aug. 27.—Italy is calling four more classes of the reserve to the colors, which is taken as a strong indication that the government will shortly intervene in the European war. Every day the forces of Italy supporting Germany and Austria becomes slimmer and is accepted as an accomplished fact in some quarters that the triple alliance which included Germany, Austria and Italy, is a thing of the past. It is known that Germany and Austria are bringing the strongest pressure to bear upon the Italian government to remain neutral. The Italian government has been unable, but so far there is no sign that Italy has weakened. Some of the newspapers have predicted a revolution if the government goes to war in support of a triple alliance, and there is no doubt that such a revolution would be extremely popular, even if Italy were to go to the point of an open outbreak. Although it is said by the French press that France is surrounded by enemies to remain out of the fighting, there is little doubt that France will hold out much longer. It is said to be kept off for a greater period of time, there will be this advantage: The enemy which Italy goes to fight will have been weakened by the previous drain of the war.

FRENCH CABINET RESIGNS, WILL CHANGE WAR POLICY

Paris, August 27.—Premier Viviani and the entire ministry have resigned and another ministry will be formed at once. Premier Viviani, after handing in his resignation and that of his ministers collectively to President Poincaré, was charged with the task of organizing a new cabinet immediately. He accepted the mission, and in about an hour returned to the Elysees Palace with a list of the new ministers, as follows:

- President of council without portfolio, Rene Viviani.
- Minister of foreign affairs, Theophile Delcasse.
- Minister of war, Alexander E. Millerand.
- Minister of justice, Aristide Briand.
- Minister of interior, Louis J. Malvy.
- Minister of marines, Victor Augagneur.
- Minister of finance, Alexander Ribout.
- Minister of public instruction, Albert Saraut.
- Minister of public works, Marcel Sembat.
- Minister of commerce, Gaston Thomson.
- Minister of colonies, Gaston Doumerge.
- Minister of agriculture, Ferdinand David.
- Minister without portfolio, Jules Guesde.
- Under secretary of fine arts, Albert Daladier.

With the new ministry in power a radical change in the war policy of the government is apparently certain. It will mean the advancement to high command of the youngest generals, who are believed to have more modern ideas of military strategy.

The first indication of this new policy came last night in the appointment of General Gallien as commander of the army in Paris and governor of the capital, with ex-Governor Michail under his order.

This move was for the purpose of strengthening still further the defenses of the city of Paris.

HURRY DEFENSE FOR PARIS CITY

Paris, France, Aug. 27.—Preparations for a siege of Paris are being rushed today. An expert in defensive operations has taken command of the troops that garrison the forts about the capital. These steps were officially stated to be "only necessary precautions in connection with the military operations," but the announcements were not sufficient to calm the fears that have been aroused by the sudden formation of a new cabinet.

The French losses have been very heavy in the fighting that has already taken place. This is evident by a government decree permitting the promotion of officers irrespective of seniority.

PANIC IN BERLIN

Rome, Aug. 27.—"Panic prevails in Berlin, while German troops are being defeated in Prussia," says the St. Petersburg correspondent of a local paper today. "Russian forces operating in Western Prussia are marching towards Dantzig," he says. "Immense masses of the population are in flight before the Russians." "A condition of panic is said to exist in Berlin."

ANTWERP BESIEGED BY GERMANS

London, Aug. 27.—That Antwerp is besieged by the Germans is indicated by the following dispatch from Rotterdam, Holland: "There is no railroad communication between Antwerp and the Dutch frontier. There have been no arrivals from Antwerp since Sunday. All entrances to the town have been closed."

PRESIDENT TO HAVE REST

Washington, Aug. 27.—President Wilson today decided to take a brief vacation and will leave for Cornish, N. H., at 5:30 this afternoon. He will return to Washington next Tuesday or Wednesday. Mr. and Mrs. Francis B. Sayre, his daughter and son-in-law, have been at Harborside House for several days and have put the place in readiness for his visit. The president decided to go to Cornish instead of taking a cruise on the Mayflower because he believed the mountain air will be more beneficial than on the sea. This is the President's first vacation this summer and is taken upon the urgent request of his physician, Dr. Carey Grayson. It was not believed the President would again go to Cornish, where he and Mrs. Wilson spent their vacation last summer.

FALL OF LILLE IS DENIED

London, Eng., Aug. 27.—That Lille has not been taken but there has been serious fighting in the vicinity was stated by the French foreign office here today.

PALMER GOES TO FRONT

Washington, Aug. 27.—Fred Palmer, the noted American war correspondent, will represent all American Press Associations at the front with the British army. When the British Admiralty announced that only one American newspaper man would be allowed in the field, the newspaper associations agreed that Palmer was best fitted for the post. He is now in London. All Associations will receive his report at the same time.

COAL STRIKE MAY SOON BE ADJUSTED

Wheeling, W. Va., Aug. 27.—Eastern Ohio coal miners and operators are meeting here today in an effort to settle the strike which has been in progress since April. About 200 operators and 400 miners are attending the meeting and it is hoped a settlement will be made on the basis of the Pittsburgh scale.

WAR BULLETINS

London, Eng., Aug. 27.—It was given out at the war office this afternoon that the British have a large force of marines stationed at Ostend. England has stripped the reserve fleet in the North Sea to send them there.

London, Aug. 27.—A dispatch from Amsterdam says: "The Germans are demanding a war contribution of \$80,000,000 from Brabant province in Belgium. It is reported the Belgian general staff has left Antwerp."

London, Aug. 27.—The Exchange Telegraph company stated that a trawler was sunk in the North Sea by a mine and that four men perished.

Copenhagen, Aug. 27.—Danish newspapers report that military units in Berlin destroyed the office of Dr. Worwaerts there because that paper declared that responsibility for the present events and those which may intervene later with disastrous results for the unity of Germany, lay at the door of the Emperor.

London, Aug. 27.—Destruction of the German aeroplane and the death of two officers whom it carried is reported in a dispatch from Paris. It says the airship took fire after being struck by bullets and fell in the British lines in the Queney districts.

London, Aug. 27.—A news agency dispatch from Ostend says the Germans have occupied the French town of Roudarx and Dalencenne.

RUSSIA IS READY

St. Petersburg, Russia, Aug. 27.—That plans of the Russian army contemplate an attack before three weeks was officially admitted today. At the same time it was stated that not only had the Russian army been completely mobilized but they had 8,000,000 men in the field. These have been divided into four armies of 2,000,000 each.

RUSSIAN ARMY MOVES

London, Eng., Aug. 27.—It is officially announced, says the St. Petersburg correspondent of the Exchange Telegraph Company, that the Russian advance is proceeding in Prussia with irresistible force. The Germans have retreated to Osterode, a town of East Prussia 100 miles west of Gumbinnen.

Paris Is Preparing For German Siege

Paris, France, Aug. 27.—Paris, it was officially announced today, is preparing for a possible siege. The matter was discussed by the new Minister of War, Alexander Millerand, with the organization of his department and steps were taken to determine the exact measures necessary to place the city in a state to withstand an attack by the Germans. Mr. Millerand will meet with the other officers of the war office every morning for the consideration of developments and every possible phase in connection with the invasion will be gone over.

This is purely a precautionary measure it was stated and is taken with the object of providing bullets and shells to the city in case what happens. Following the council of war it was stated the situation was generally unchanged. It was said yesterday's events had not modified any arrangement for different plans. A most encouraging note was sounded by the minister when he said that the French line continued uninterrupted from Nancy to Verdun. There he said the French were taking the offensive and were driving the Germans back.

AIR SHIP RAID IS CONFIRMED

Washington, Aug. 27.—Official advice to the state department today confirmed the dropping of eight bombs in the city of Antwerp by the German Zeppelin. Many women and children were killed.

SHIPS SENT TO GULF

Galveston, Texas, Aug. 27.—An official statement from the British consulate here today said three British warships had been sent at full speed to protect the cotton and oil traffic in the Gulf of Mexico.

INJUNCTION IS GRANTED

Judge Thomas Wednesday granted a temporary injunction to John Shaw of the West Side restraining Dr. D. N. Hopkins of Friendship and John W. Snyder of this city from cutting timber on Shaw's land. Shaw claims that the two men have been cutting timber which is his property, an allegation that will be fully determined at a court hearing within the near future.

Coronation Of Pope Is To Be Postponed Until War Ceases

(By Braxton D'Almeida) Rome, Italy, Aug. 27.—A coronation of the newly elected pope will not take place until after the European war is over. This was decided today at a meeting of 50 cardinals in the Vatican. A resolution to postpone the papal coronation until after the conclusion of hostilities was presented by Cardinal Ag. Bardi who had been the leader in the movement to ask the warring governments to suspend warfare during the life of the conclave. It was passed at once. In order to prevent rumors from being given or received the windows in that part of the Vatican which will be occupied by the cardinals during the election have been heavily screened. Supporters of Cardinal Domenico Serrano expressed belief today that his prospects for election to the papacy at the forthcoming conclave to succeed Pope Pius X have been strengthened by the declaration of Cardinal Diomede Falconio to be a candidate.

Demand Recount In Pike County

The Waverly Democrat said editorially Thursday: "Mr. Joe Smith, late candidate before the primaries for representative, has employed Judge A. Z. Blair of Portsmouth to bring a contest action and to have the ballot of the entire county recounted. He ought to receive the encouragement of every citizen who believes in fair elections. It is almost universally conceded that the Nye gang won in places through the use of money, whiskey and other means of corruption. Let an investigation and recount of the whole county proceed." Smith was a candidate for representative in the 1912 Democratic ticket against George G. Leist, who won on the face of the returns by a narrow margin.

Columbus, Aug. 27.—Although Mayor Newton D. Baker, of Cleveland, is one of the best known men in the Democratic party and has been a prominent figure at each state convention for ten years or more, he was obliged to make known his identity at the convention of that party in Columbus this week. It was at a meeting of the committee on resolutions, of which he was a member, when the platform of the party was being drafted. The secretary, a new man, was calling the roll to find out if each district was represented, and when the twentieth district, the one from which Mayor Baker came, was reached, the Mayor answered "present." "The name, please," asked the secretary, to which the mayor replied, amid the general laugh that followed, "Baker."

Former Adjutant General A. B. C. Critchfield, of Wayne county, former close political friend of Senator Charles Dick, came to be a member of the state senate. On primary election day, he was nominated by the Republicans of his district for this office who wrote his name on the ballot. "Critch," who was here attending the Republican state convention, said he could put up an energetic campaign to win, though admitting he would have a hard row to hoe, as the district is normally Democratic by some 5,000 or more. General Critchfield was adjutant general during the Horrick and Harris administrations. He is a Spanish war veteran.

No more selling of cheap cigarettes to boys goes, Attorney-General Hogan has ruled against this. He has issued an order demanding the arrest of all dealers who sell cigs to minors under eighteen years. The question as to whether they could be sold to minors was raised by Prosecuting Attorney J. B. Templeton, of Fulton county. "These cigarettes are sold as a substitute for the other kind, which is specifically prohibited by law. Minors and boys who use them require the habit for the latter," the attorney general told the prosecutor. Under the ruling, those who sell the cigs to boys may be heavily fined.

Statements on the plank in the Republican state platform relating to the wet and dry proposition have been issued by Frank B. Willis, Republican candidate for governor, and Wayne E. Wheeler, superintendent of the Anti-Saloon League. The language of this plank is: "While the traffic in intoxicating liquor exists in Ohio, we favor its regulation by such laws as are now, or hereafter may be enacted by the general assembly." Mr. Willis says: "I construe this plank to mean that if the Republican party is elected with power in the state of Ohio, it will take no backward step on temperance legislation." Superintendent Wheeler said: "The law enforcement declaration in the platform is clear. It places the party to use all the authority provided in the constitution and statutes for the enforcement of law. This is important in view of the new method provided in the constitution for the removal of judges from Germany and England."

Will Elect A Physician

The Local Order of the Moose will elect a physician at the meeting to be held Tuesday night, September 1st. This new chapter will be opened the same night. National Organizer E. E. Wislalaugh expects to be present on that occasion.

Cutlery Higher

Ed Appel, of the H. W. Hardware company, reports that the price of cutlery has advanced 75 per cent on account of the war. Most cutlery method provided in the constitution comes from Germany and England.
